
Smallfoot is a 2018 American 3D computer animated comedy adventure film produced by Warner Animation Group. The film is directed by Karey Kirkpatrick, written by Paul Hoffman, and stars the voices of Channing Tatum, James Corden, Zendaya, Common, LeBron James in an animated animal based musical. It was released in theaters in the United States on September 28th 2018. Smallfoot follows a group of yetis called Smallfoot who live high up in the clouds near a village where everyone believes that small creatures live below their land because they have never seen them before. Migo (Channing Tatum) is the best climber in his village and one day he finds a small creature called Percy (James Corden). After leaving him with the rest of the creatures, they find out that small creatures are real and they all leave to find answers. Along the way, Migo finds that birds know things because they fly everywhere and has Bird Poop Guy (Zendaya) to tell them where to go. They attract the attention of other yetis who become curious about them and want answers. They meet Sue (Rachel Crow), a Yeti just like Migo who is an outsider because she wants to do things her own way. They all head to the Great Snowy Mountains, where she is tall and can see far away. The yetis discover the humans are harvesting the snow which is affecting their world. Migo figures out that Percy set him up to find out about the humans so that he can still be recognized as a hero. They now have to head back to stop the destruction of their home, because if it snows, they will live. All of them form a team because now they know that there are small creatures living in down below. The film received generally positive reviews from critics, with many praising the animation and strong performances from its main cast. It was a box office success, making \$160.3 million on a \$50 million budget and was nominated for an Academy Award for Best Animated Feature and won a Golden Globe Award for Best Motion Picture - Musical or Comedy. Percy is a small yeti who has never been seen because all the villagers in his village believe that small creatures live down below in the snow until Migo (Channing Tatum) finds him. The yetis discover that there are other creatures living below them and Percy wants to find out why they have never been seen before. On review aggregation website Rotten Tomatoes, the film holds an approval rating of 90% based on 147 reviews, with an average rating of 7/10. The site's critical consensus reads, "'Smallfoot' takes a few too many liberties with its amusing animated riff on bigfoot lore — but it's bright, colorful, and entertaining enough to make for a fun time at the movies." On Metacritic, the film has a weighted average score of 68 out of 100, based on reviews from 31 critics, indicating "generally favorable reviews".
